

Just FAITH Engaging SPIRITUALITY

IN PURSUIT OF AN UNDIVIDED LIFE

Engaging Spirituality invites Catholic adults to break open their lives, penetrate the realities of our times, and explore the intersection between Christian spirituality and Gospel justice. Participants focus on the practical challenges of following Jesus, engaging in contemplation while immersing themselves in the heart of our fragmented world.

Engaging Spirituality includes these unique dimensions:

It is accessible and practical,

inviting regular people to plumb their own depths.

It introduces seekers to a breadth of contemporary and ancient wisdom.

It invites people to engage current social realities from their hearts.

It promotes a “grounded spirituality” for living the Gospel in these times.

All around this blessed-broken world there is a great hunger for **Justice**.

In these complex and troubling times there is a deep thirst for **Wisdom**.

And everywhere people are looking for **Integrity**.

By Engaging Spirituality we seek to be rooted in love, grounded in justice, and find our bearings in order to follow Jesus with integrity today.

JustFaith Ministries is a national organization that develops small-group, “trans-formational” processes, designed to ignite the Gospel imagination of faithful people and inspire them to respond to injustice with compassion.

Bearing the Burden of Integrity

In addition to spiritual reading, dialogue and immersion experiences, Engaging Spirituality groups will have access to the grounded wisdom of 24 contemporary spiritual pathfinders. Each week groups reflect on a letter from a spiritual teacher, contemplative or activist. These contributions, commissioned specifically for Engaging Spirituality, are called BEARINGS, since the authors bear witness to their personal, practical struggle to live an authentic Christian life amid the complexities of our world.

expression of our desire to be whole, at one with God, and connected to the life that surrounds us. This longing for integrity and communion motivates us to dedicate our lives to restoration, justice and peace.

Though spirituality is about the quality of our lives and the hunger within, it is not a private matter. Our public lives mirror our spirituality, reflecting what lies deep inside. Spirituality shapes our lives and informs our relationships.
